53 responses

19. What percentage of teachers use ICT tools such as LCD projector, Multimedia, etc. while teaching.

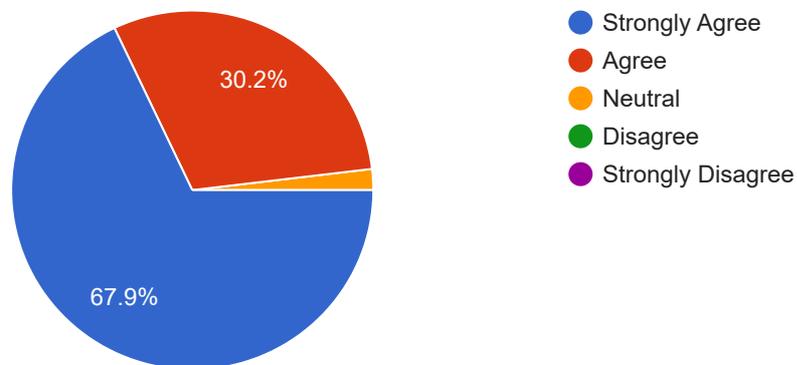

53 responses

20. The overall quality of teaching-learning process in your institution is very good.

53 responses

Give three observation / suggestions to improve the overall teaching learning experience in your institution.

53 responses

NA

Overall teaching should be more digital based which would help understand the concept easily.

Nothing

Everything and everyone in this institution was perfect.

Nothing required

Its already good.

1) Use better graphics and visual media to engage students well. 2) Try to reach every student and ask for their doubts. 3) Make teaching a two way interaction.

1. Incorporate more interactive technology in lessons to engage students. 2. Provide timely and constructive feedback to enhance student learning.

Excellent and creative learning

Great learning experience. Everything was good. Teachers are good

Nil

Lesson plans guidance during 2nd sem should have been more effective. Assignment given should have been practically related rather subjective. File work should be minimised and practical exposure should be given more marks weightage.

N. A... Everything was perfect

It was very good experience for me to learn with this institute and teachers..

None

Sanjay Chauhan

It was very good.

Overall teaching learning experience has been very good. Thr Institute can improve on providing the results and certificate immediately for the further studies for the student. This is the only place where i found a lag.

-Innovative methods of teaching, One to one interaction with the students and Feedback provided for continuous improvement.

No suggestion

Good teaching. Great staff and excellent teachers.

No suggestions because all teachers are more supportive

Start M.ed also

Amazing teaching learning experience I had in two years..

The teaching learning can beore systematic and organized at times

Good

Should focused on more and effective internship programs than only theory work. More practical exposure to teach in class during the Bed course .

More practical approach can be incorporated.

All good

It's a great institute to achieve your goal to be a excellent teacher.

1.The institution provides valuable programs for gaining pedagogical knowledge, practical teaching skills and a deeper understanding of educational theory. 2.The program quality and teaching methods are excellent. 3.The whole faculty is very experienced and teach each and every topic very well.

Overall the learning experience was good.

-

All is very good....

Very good experience

Good college

Na

Everything is taken care for students overall development.

1. More activities, encourage more participation of students,

Everything done by the Teacher's is more than sufficient as per my learning experience.

Great, I enjoyed my learning period.

Regular attendance, participation in activities and equal chance to all students

*Teachers are very helpful and supportive *Learnt from my teachers how to teach, how to solve students' queries * only one suggestion I can give that after teaching 2 chapters a slip test must be conducted to check students understanding level for these concepts.

Teachers were helpful in terms of notes, syllabus, mentoring & co-curricular

1. Add more internal marks if projects are submitted on time.

I enjoyed my journey of B.ed with all my teachers and principal. Although, if the programs could begin at the stipulated time, it will help the institution raise its bar.

Everything was good, just as perfect

Great experience in teaching learning process, always mental support,

For History pedagogy: Teaching should be done with the help of examples and applications.
