 At. Borivade, Kasar Vadavali Naka.

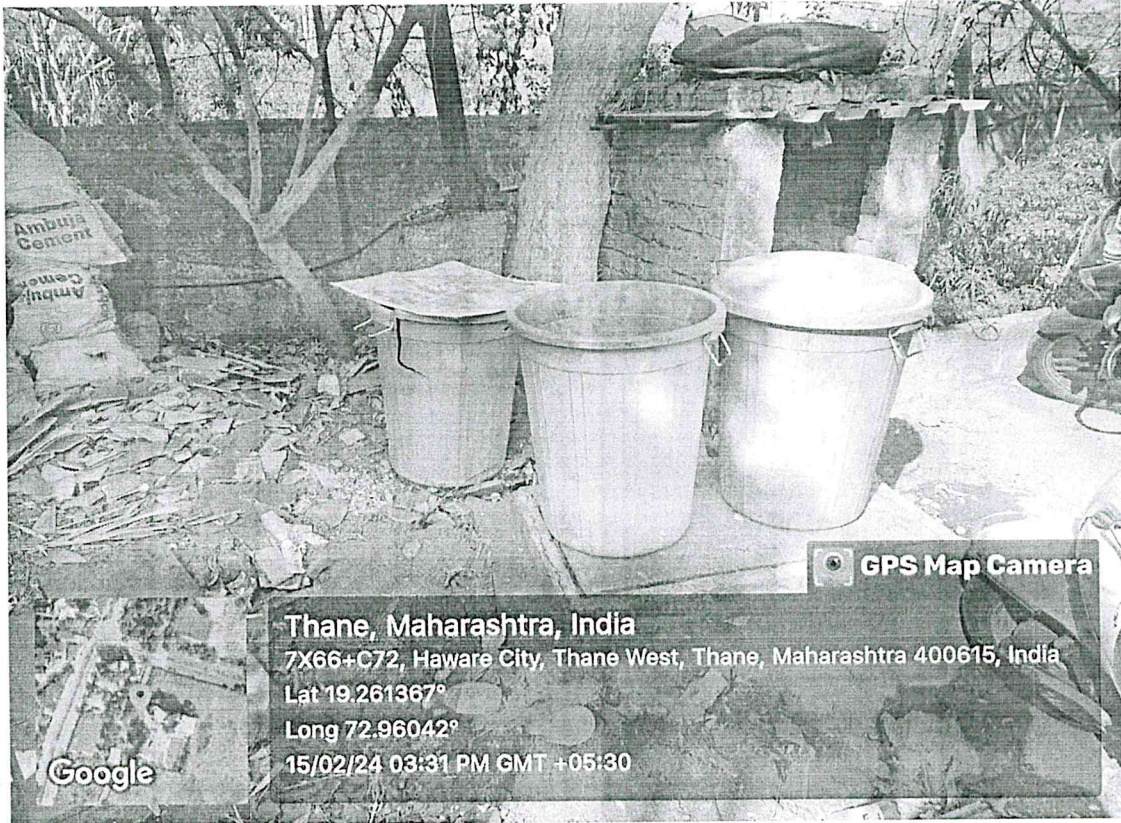

### 7.1.3 Institution's waste management practices include:

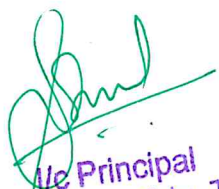

A waste management system is an efficient procedure that TEI employs to dispose of, minimise, recycle, and avoid waste. Following are the practices that the institution has adopted for effective waste management:

#### 1. SEGREGATION OF WASTE

The Institution has proper waste management practices which includes segregating the waste into dry waste, wet waste and E-waste.

There are separate dustbins for collecting the dry and wet waste. Every morning the municipal corporation's garbage van comes in the campus for waste collection.

  
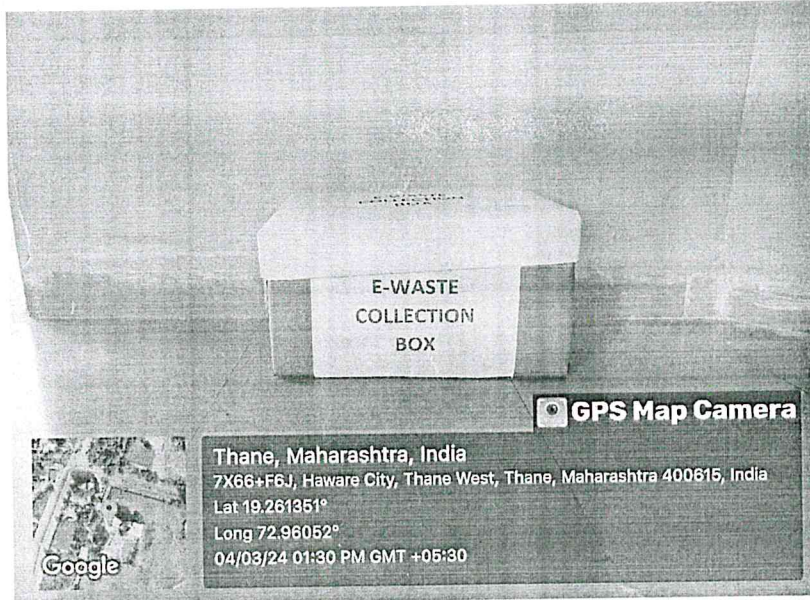

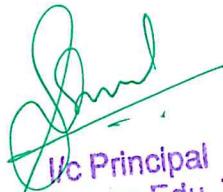

The Principal  
Dnyan Ganga Edu. Trust's  
College of Education (B.Ed.)  
At Borivade, Kasar Vadavali Naka,  
G. B. Road, Thane (W).

## 2. E-WASTE MANAGEMENT

A separate box is placed in the staff room for collection of e-waste. The staff members and the students have been instructed to collect any electrical waste in the home and college and drop it in the box. This collected E-waste is then taken away by the organisations which supervises the proper e-waste treatment.

  
V/c Principal  
Dnyan Ganga Edu. Trust's  
College of Education (B.Ed.)  
At Borivade, Kasar Vadavali Naka,  
G. B. Road, Thane (W).

### 3. VERMI-COMPOST

The campus has a compost pit where all the biodegradable waste collected from throughout the campus is collected and is treated into compost.

**4. BIO-GAS PLANT:**

There is no scope of setting up a bio-gas plant in the campus.

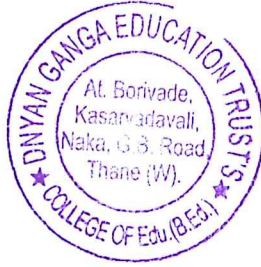

**5. SEWAGE TREATMENT PLANT:**

The sewage is drained out of the campus into the municipal corporation's drainage system via ducts and pipes and is transported to the corporation's sewage treatment plant. There is no scope of setting up a sewage treatment plant inside the campus.
