Nothing

NA....

It is over all very good experience, teachers always help s Always. No suggestions.

1. _Incorporate technology-enhanced learning_ to increase student engagement and accessibility. 2. _Foster a student-centered approach_ that encourages active participation, inquiry-based learning, and personalized growth. 3. _Develop a supportive learning environment_ that promotes positive relationships, inclusivity, and student well-being.

Provide Continuous Professional Development for teacher trainee, Utilize Technology Effectively, Incorporate Active Learning Techniques

Institution Up to the mark .

Good

Every thing is good.

Should be more colourful and technical

1. Better learning and revision sessions for working students

1. Teachers are always supportive towards enhancement of skills and overall growth of the candidate

No sugesstion,

1.I think more of project base to be done 2.more field work.3.more of pratical base

1. I feel that internal assignment's performance needs to be discussed and rated fairly. 2. Cultural activities can be reduced

The overall quality of teaching learning process is excellent should continue to provide the same

No suggestion is required. Everything is just perfect.

1. Teachers are always helping and kind. 2. Staff plays important role and the office staff is so helpful in our institute. 3.pdf notes for each subject. 4. All the teaching and non teaching staff

is very energetic and kind to resolve all your queries regarding the course and administration procedures.

Feedback on assignments required

Proper time should be given for each assignment. It becomes very hectic to complete everything at the same time.

Staff is cooperative and helpful. Mentors are motivating and understanding.

.

Need to provide assignments of next semester immediately after completion of previous semester external examination when study load is quite low .Need to provide assignments gradually one by one .

No suggestions

1.Use new teaching aids. 2. Commerce teachers should be available.

1.Classrooms should have smart boards to enable digital learning 2. Mode of assignment submissions could be made online 3. Guidance on how to apply in foreign countries for teachers job

More systematic. More organized, Student friendly without partiality.

Technology can help keep students engaged by providing access to online resources, apps, and other tools.

No suggestion

• The internal marking scheme can be improved. • The Class and Essay tests could be reviewed and showed to students with areas of improvement in order to avoid errors in the University Exams.

More interactive teaching, more use of multimedia resources

Professional development, effective communication, two way interaction

To give our teachers more time for their personal development

Good

The way teachers explain complex topics is clear, concise, and engaging

1) Use of technology in physical classroom/ offline mode like classrooms may have projectors. 2) Comfortable sitting arrangement for students. 3) improvement in infrastructure

like premises may have atleast two working lifts instead of one.

Nothing

Use of Digital technology, Behaviour modification in modern learning environment.

According to me the best teaching learning process is follwed by the teachers no improvement needed

1. Encourage the students teacher .2 All Staff Maintaining Relationship with students.3. Giving notes is much appreciated.

No such improvement needed Everything is Perfect.

Incorporate technology, always promote collaborative learning and experience based learning.

Nothing..

Without teachers and mentor it will not possible to complete this degree. Every one are so cooperative and helped in my difficult times.

More demo lessons and demo lesson plans should be provided. Demo lesson plan for science pedagogy was not adequate.

Over all quality of teaching is very good , teacher used centric method such as experiential learning , participating learning is good

1. Can include more time for lesson plans and demonstrations of lessons by the student teachers.

Very supportive, helpful and very student oriented

More engagement in monitoring review, quality improvement (2.) performance in assignments, tests can be discussed more often

NA

Better discussion about performance in internals, better instruction skill (some teachers)

1. Interactive learning methods such as group discussion, debates , case studies and hands on activities. 2. Utilise technology incorporate educational technology tools like online resource, educational apps, virtual labs and multimedia presentation. 3. Professional development for educators provide regular development opportunities for teachers to enhance their teaching skills.

Incorporate interactive and diverse teaching methods to keep students actively involved.

1. I suggest reducing the number of assignments. 2. Allow students to complete the assignments. 3. Provide online explanations on how to proceed with the assignments.

1-Seminars & Webinars 2- App developers 3- Vocational centres

Everything is perfect. No suggestion is required.

1. Collect feedback from students and teachers to continuously improve teaching strategies and the learning environment. 2. Encourage more open communication and one-on-one sessions to student needs. 3. Implement more group-based projects and peer-to-peer learning opportunities to enhance collaborative skills and knowledge sharing.

Satisfied with the college and the mentors..

Please provide assignment in advanced so that it will help students to organise work.
